Projects

- **Work Manager** (Next.JS, MongoDB, Cloudinary, Redux, Tailwind CSS)

Work Manager is a full-stack task management app that lets users sign up, log in, add, edit, and delete tasks with details like title, content, status, and deadline. Users can filter tasks by status, track completion rates, and view recently added tasks. Built with Next.js, MongoDB, Mongoose, Cloudinary, Tailwind CSS, bcrypt, JWT, and Redux, it provides a seamless experience with secure authentication and efficient state management.
